

## PNEUMATIC SAMPLE PRESS

### Description

This pneumatic sample press provides an exact cutting of samples from virtually any material, such as textiles, paper, board, rubber, films and foils, to realize samples for testing on grammage, cobb, but also tensile, etc.

Made with precision cutting dies, which assures you an optimal precision in the dimensions of the cut samples.

Easy to use, it has a sturdy construction, and a safe two-hand operation.

### Technical Details

Sample size	100 cm <sup>2</sup> and others
Operation	Two handed
Dimensions	45 x 48 x 45 cm
Weight	41 kg
Air supply	800 kPa
